

# Getting Started *With Your Online Account*

Access your online account powered by Alarm.com by going to [www.alarm.com/login](http://www.alarm.com/login) and entering your login and password. If this is the first time you are logging into your account, use your provided login and temporary password and complete the email verification process. Once logged in, you can easily change your password under the Profile tab > Login Info menu.

The following provides a quick tour of some key features:

## Security Summary

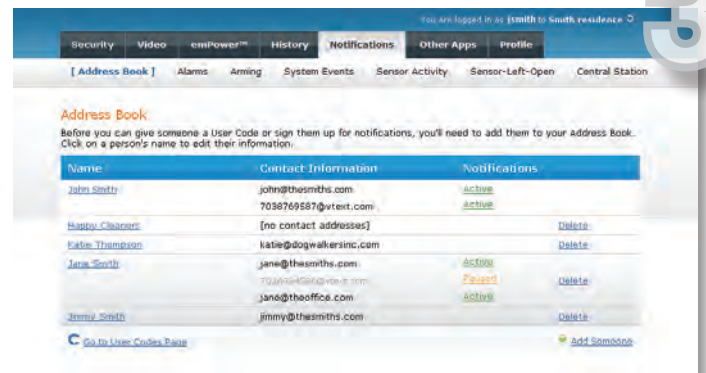

- 1 System Summary**
  - > Click on one of the icons in the *Current Arming State* panel to Disarm, Arm (Stay), or Arm (Away).
  - > View recent arming/disarming and system events.
  - > View sensor status\* and events.\*

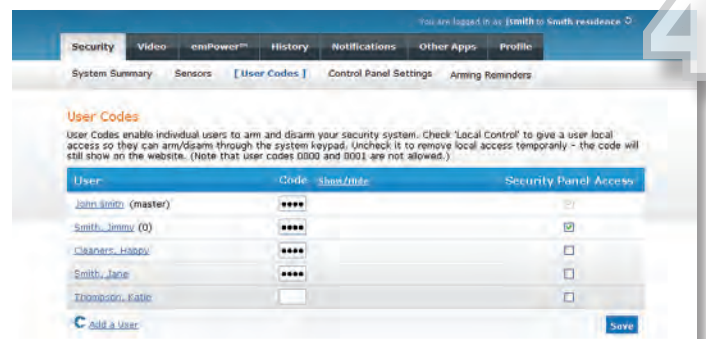

- 2 Turn on More Features**
  - > Easily activate and modify alarm and power notifications, address book, arming reminders and sensor activity\* or sensor-left-open notifications.
  - > Click on an icon to modify or activate that feature. (Activated features are shown with a green checkmark.)

## User & Contact Management

- 3 Add Contacts to Address Book**
  - > Go to *Notifications > Address Book*.
  - > Click *Add Someone* to add a system user. Enter the user's name and relevant email and text message information.

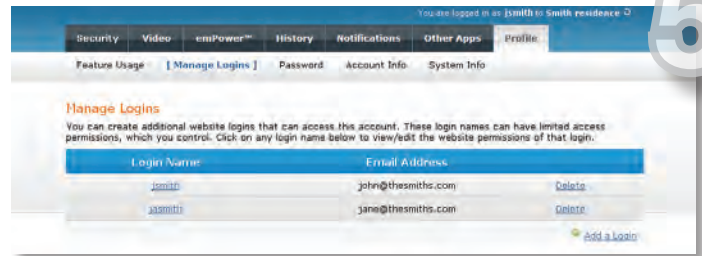

- 4 Set Security Panel User Codes**
  - > Go to *Security > User Codes*.
  - > Enter a code for each user who should be able to arm/disarm your security panel.

## 5 Create Website User Logins

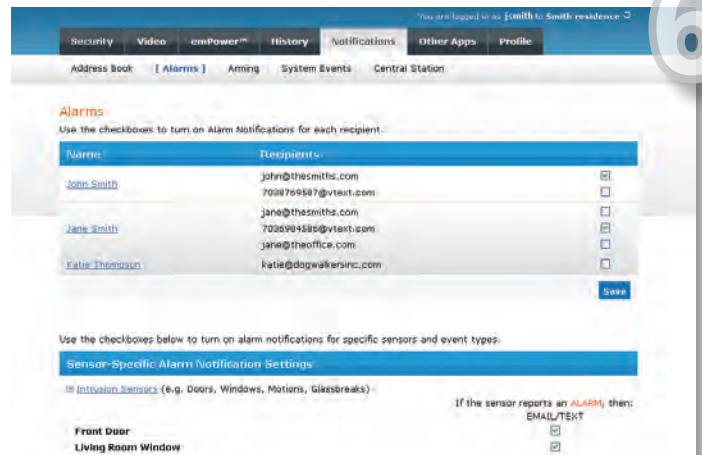

- > Go to **Profile > Manage Logins**.
- > Click **Add a Login** to add website users to your account. (These users can also login via the Alarm.com mobile apps and mobile site—see the **Other Apps** tab).

## Notification & Reminder Settings

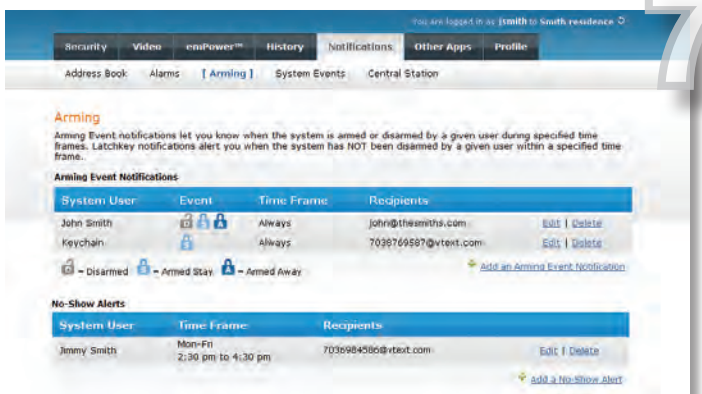

### 6 Alarm Notifications

- > Go to **Notifications > Alarms**.
- > Use the check boxes to select which contacts should be notified in the event of an alarm.

### 7 Arming Event Notifications and No-Show Alerts

- > Go to **Notifications > Arming**.
- > Click **Add an Arming Event Notification** to select the contacts you'd like to be notified when your system is armed or disarmed.
- > Click **Add a No-Show Alert** to set up an alert notifying you if a certain person did not disarm your security system during a specific time period.

### 8 System Event Notifications

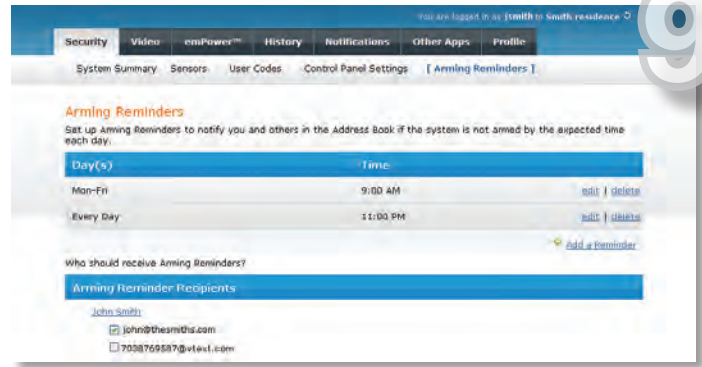

- > Go to **Notifications > System Events**.
- > Use the check boxes to select which contacts should be notified about selected system events, such as a power failure or low battery.

# 9

## Arming Reminders

- > Go to **Security > Arming Reminders**.
- > Click **Add a Reminder** to set up an arming reminder that lets selected recipients know if the system is not armed by an expected time.

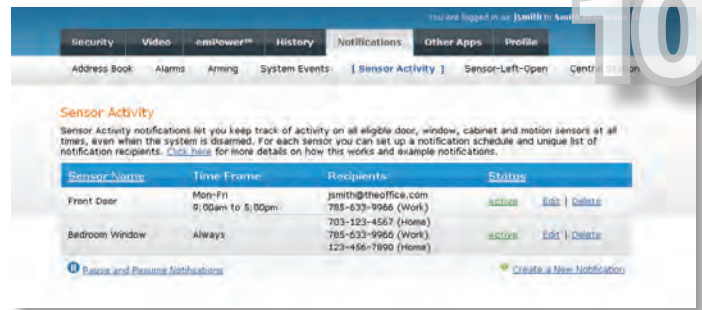

# 9

# 10

## Sensor Activity Notifications\* (everyday events)

- > Go to **Notifications > Sensor Activity**.
- > Click **Create a New Notification** to configure notification rules for non-alarm sensor activity.

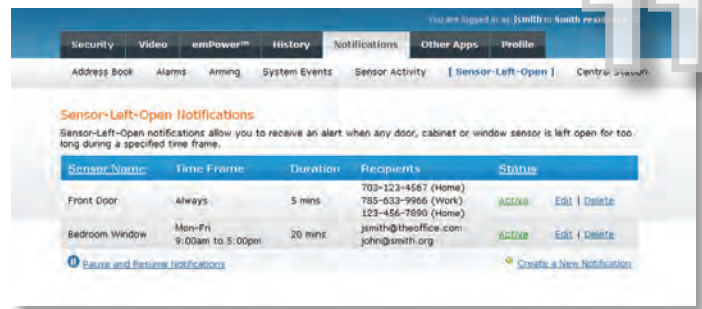

# 10

# 11

## Sensor-Left-Open Notifications

- > Go to **Notifications > Sensor-Left-Open**.
- > Click **Create a New Notification** to configure notification rules to find out when doors or windows have been left open during specific time periods.

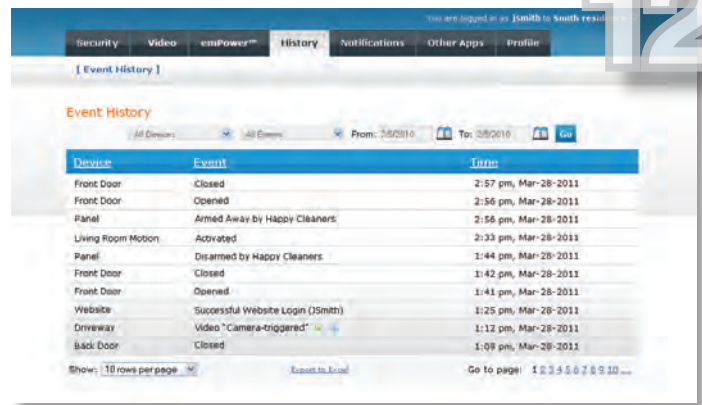

# 11

## Searchable System History

# 12

## Event History

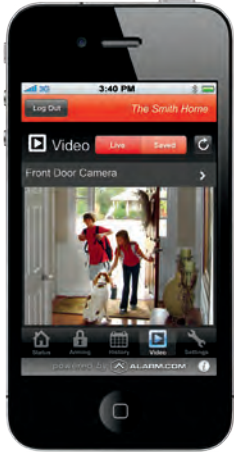

- > Go to the **History** tab.
- > Use the menus to filter by device, event type, and date range.

# 12

# STAY CONNECTED ON THE GO

Get the  **ALARM.COM™** App

## iPhone or iPod touch

Go to the iPhone App Store on your iPhone or iPod touch and search for 'Alarm.com' or download through iTunes.

## Android

Search for 'Alarm.com' in the Android Market on your compatible Android device.

## BlackBerry

Visit [www.alarm.com/bbinstall](http://www.alarm.com/bbinstall) from your BlackBerry web browser; accept https connections from Alarm.com if prompted.

## Alarm.com Mobile Site

Have web access on your cell phone? Just open its web browser and go to the Mobile Site URL ([m.alarm.com](http://m.alarm.com)) to log into your account. The Mobile Site includes many features of the primary website and is specially formatted to fit your mobile screen.

\*These services are only available on certain plans. Please contact your security dealer for more information.
